**CUSTOMS ACT 1901****INTENTION TO REVOKE TARIFF A TARIFF CONCESSION ORDER**

The Comptroller-General of Customs intends to revoke the Tariff Concession Order (TCO) for the goods described in the following TABLE in accordance with s.269SD(1AA) with effect from 15 February 2017.

On 15 March 2017, the Comptroller-General of Customs' delegate formed the belief in respect of this TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the Comptroller-General of Customs would not have made the TCO. This is because the Comptroller General of Customs is aware that local manufacturers exist in Australia producing substitutable goods in the ordinary course of business.

Interested parties who might be affected by this revocation are invited to provide, by close of business Wednesday 12 April 2017, a written submission concerning the proposed revocation.

For further enquiries email [tarcon@border.gov.au](mailto:tarcon@border.gov.au), or telephone 02 6229 3559.

The Comptroller-General of Customs is satisfied that the TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 13 April 2017, it is intended to take action to revoke these Orders under subsection 269SD (1A) of the Customs Act 1901. In accordance with subsection 269SG (2) of the Customs Act 1901, in transit provisions shall apply. If revoked, the expected date of effect will be 12 April 2017.

Interested parties are invited to provide, by close of business, Wednesday 12 April 2017, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.

## GENERAL INFORMATION

This Gazette contains details of quota transactions processed during the period 07 March 2017 to 14 March 2017 inclusive.

Part 1 contains a Table specifying quota category details.

Part 2, Section A, lists quota holders who received quota allocations via transfer transactions.

Part 2, Section B, lists all adjustments to previous allocations which have been caused by transfer transactions.

NB.- In Section B, transactions represent changes to individual tariff quotas and do not necessarily represent the entire holdings in that category for the quota holder.

- The "AS WAS" and "AS IS" columns indicate the quota levels for that particular tariff quota only at the time of that transaction.
- The amount of the transaction can be deduced by subtracting the "AS WAS" column from the "AS IS" column.

Inquiries concerning any information published within this Gazette should be directed to the Tariff Concession Administration, Australian Border Force, 5 Constitution Avenue, Canberra City, ACT, 2601.
