## DEPARTMENT OF IMMIGRATION AND BORDER PROTECTION NOTICE

**No.2017/27**

### ***Customs Tariff Amendment (Incorporation of Proposal and Other Measures) Act 2017***

This notice sets out the amendments to the *Customs Tariff Act 1995* (the Customs Tariff Act) made by the *Customs Tariff Act (Incorporation of Proposal and Other Measures) Act 2017* (the Amendment Act). The Amendment Act received the Royal Assent on 16 August 2017. The Amendment Act contains five measures, with various commencement dates.

The Online Tariff will be updated prior to the commencement of the amendments.

#### **Retrospective Commencement – 1 January 2017**

##### *Incorporation of Customs Tariff Proposal (No. 1) 2017*

The Amendment Act incorporates Customs Tariff Proposal (No. 1) 2017 to ensure that the correct rate of customs duty of 'Free' is applied to tariff subheading 6907.30.10. This amendment is retrospective and is taken to have commenced on 1 January 2017, the same day that Customs Tariff Proposal (No. 1) 2017 commenced.

##### *Extending concessional arrangements for automotive prototypes*

Item 39 of Schedule 4 to the Customs Tariff Act provides a 'Free' rate of duty for eligible vehicles and components for use in testing, quality control, manufacturing evaluation or engineering development of motor vehicles or components. Currently the concessional rate of customs duty for these goods is only available to motor vehicle producers registered under the Automotive Transformation Scheme.

The Amendment Act extends the scope of eligible importers to include automotive service providers registered under the Automotive Transformation Scheme. The revised text of Item 39 is at [Attachment A](#).

This measure was included in the 2017-18 Budget and is taken to have commenced on 1 January 2017. Automotive service providers that imported eligible goods between 1 January 2017 and 16 August 2017, or before 1 January 2017 but where the date for working out the duty had not occurred before 1 January 2017, will be able to apply for a refund through the standard procedures.

**13 September 2017 Commencement***Machining centre of 8465.20*

The Amendment Act alters the structure of the tariff subheadings under 8465.20 to simplify the classification of machining centres capable of performing multiple machining operations with an automatic tooling change. The Amendment Act repeals tariff subheadings 8465.20.10 to 8465.20.60, inclusive, and replaces them with 8465.20.70 and 8465.20.80. The text of the new tariff subheadings and statistical codes are provided at [Attachment A](#). These amendments will commence on 13 September 2017.

The two-way concordance for these amendments is set out below:

<b>Prior to 13 Sep 2017</b>	<b>After 13 Sep 2017</b>	<b>After 13 Sep 2017</b>	<b>Prior to 13 Sep 2017</b>
8465.20.10	8465.20.80	8465.20.70	8465.20.40
8465.20.20	8465.20.80		8465.20.50
8465.20.30	8465.20.80		8465.20.60
8465.20.40	8465.20.70	8465.20.80	8465.20.10
8465.20.50	8465.20.70		8465.20.20
8465.20.60	8465.20.70		8465.20.30

*Paraquat dichloride*

The chemical herbicide commonly referred to as paraquat dichloride is classified to tariff subheading 2933.39.00. Additional Note 2 of Chapter 29 of the Customs Tariff Act allows paraquat dichloride containing an added emetic for safety reasons, but that remains suitable for general use, to also be classified to tariff subheading 2933.39.00.

A recent World Customs Organisation decision has made Additional Note 2 invalid. To ensure Australia's classification for these goods is consistent with international practice, the Amendment Act repeals Additional Note 2 of Chapter 29 resulting in the reclassification of paraquat dichloride with an added emetic to Chapter 38. To maintain customs duty rates tariff subheading 3808.93.00 will be repealed and replaced with tariff subheadings 3808.93.10 and 3808.93.90. The text of the new tariff subheadings and the statistical codes are provided at [Attachment A](#).

The two-way concordance for these amendments is set out below:

<b>Prior to 13 Sep 2017</b>	<b>After 13 Sep 2017</b>	<b>After 13 Sep 2017</b>	<b>Prior to 13 Sep 2017</b>
2933.39.00	2933.39.00	3808.93.10	2933.39.00
	3808.93.10		
3808.93.00	3808.93.90	3808.93.90	3808.93.00

The Department of Immigration and Border Protection has identified 41 Tariff Concession Orders (TCOs) which will be affected by the implementation of these amendments. [Attachment B](#) lists existing TCOs affected by the changes. The details of the affected TCOs will be published in the Commonwealth of Australia Tariff Concessions Gazette on 13 September 2017.

The Department will void 95 Tariff Advices affected by the implementation of these amendments at 23:59 on 12 September 2017. Individual importers will be notified by mail that their Tariff Advices will become void.

Applications for new Tariff Advices can be submitted through the Department's TAPIN system on or after 13 September 2017.

The classification of paraquat dichloride not containing an emetic is unchanged by these amendments.

*Technical amendments*

The Amendment Act will correct the number of dashes preceding the descriptions of tariff subheadings 4105.30.00 and 5212.2. These technical amendments will not affect the classification of goods. These amendments will commence on 13 September 2017.

**1 January 2018 Commencement**

The Amendment Act will repeal the \$12,000 special duty on used and second-hand motor vehicles classified to relevant tariff subheadings in Chapter 87 of the Customs Tariff Act. Corresponding amendments will also be made to Schedule 5 and Schedule 11, which cover United States originating goods and Japanese originating goods respectively. This measure will commence on 1 January 2018.
