**AUSTRALIAN BORDER FORCE****TARIFF QUOTAS - QUOTA TRANSACTIONS PROCESSED DURING THE PERIOD 23 JULY 2019 to 30 JULY 2019.**

## GENERAL INFORMATION

This Gazette contains details of quota transactions processed during the period 23 July 2019 to 30 July 2019 inclusive.

Part 1 contains a Table specifying quota category details.

Part 2, Section A, lists quota holders who received quota allocations via transfer transactions.

Part 2, Section B, lists all adjustments to previous allocations which have been caused by transfer transactions.

NB.- In Section B, transactions represent changes to individual tariff quotas and do not necessarily represent the entire holdings in that category for the quota holder.

- The "AS WAS" and "AS IS" columns indicate the quota levels for that particular tariff quota only at the time of that transaction.
- The amount of the transaction can be deduced by subtracting the "AS WAS" column from the "AS IS" column.

Inquiries concerning any information published within this Gazette should be directed to the Trusted Trader & Trade Services Branch, Customs Group, Australian Border Force, PO Box 25, Belconnen, ACT, 2616.

**PART 1****NOTICE OF MAKING A DETERMINATION UNDER PART XVI OF THE CUSTOMS ACT 1901**

- (4) in total, not in excess of such quantity as is specified in that Determination, as shown in Part 2.

Condition

The application of item 55 of Schedule 4 to the Customs Tariff Act 1995 is subject to the condition that the Treatment Code that identifies item 55 is included in the entry for home consumption at the time at which the goods to which item 55 applies (as set out in this determination) are entered for home consumption.

In pursuance of Section 273B of the Customs Act 1901, notice is hereby given that a Determination specified in Section B of Part 2 amended a previous Determination by deleting the figures in the column headed QUANTITY AS WAS" and inserting the figures in the column headed "QUANTITY AS IS".
