

ATT Introductory Meeting

Discussion Points

Benefits to the Applicant

	Duty deferral to be introduced in 2017/2018
	Fast tracked clearance of goods
	Reduced intervention in the supply chain process
	Periodic lodgment of entries
	Top of pile processing for Tariff Advices/TCOs etc
	Allocated DIBP Account Manager for all DIBP related issues
	**Assembly orders able to be lodged with a single entry (to be confirmed)
	**Exemption from paying IPC (Import Processing Charges) – (to be confirmed)

Process

	Pre EOI discussion to confirm eligibility and benefits, and green light to proceed
	Lodge EOI
	Set dates for Gap Analysis
	Meeting with DIBP ATT administrators (if required)
	Gap Analysis & SAQ Preparation
	List of areas requiring further work identified and completed
	SAQ finalized
	SAQ lodged when portal opens
	Audit conducted by DIBP ATT staff
	ATT status conferred

Considerations

	Gap Analysis costs
	Time required to prepare SAQ, revise documentation & processes – allow several weeks
	Benefits may take some time to come online
	If application delayed until benefits come online it may take a year to reap benefits resulting in considerable opportunity costs
	ATT process may generate operational improvements or increased professionalism
