CUSTOMS ACT 1901

INTENTION TO REVOKE TARIFF CONCESSION ORDERS

The Comptroller-General of Customs intends to revoke Tariff Concession Orders (TCO) for the goods described in the following TABLE in accordance with s.269SD(1AA) of the *Customs Act 1901* with effect from 5 July 2017.

On 5 July 2017, the Comptroller-General of Customs' delegate formed the belief in respect of these TCOs, that if the TCOs were not in force on that day, and applications for the TCOs were made on that day, the Comptroller-General of Customs would not have made the TCOs. The Comptroller-General of Customs would not have made these TCOs because he believes that the goods described in the wording of the respective TCOs cannot be classified to a single Tariff Classification in contravention of s. 269P(4)(a) of the *Customs Act 1901*.

Interested parties who might be affected by this decision are invited to provide, by close of business Wednesday 2 August 2017, a written submission concerning the proposed revocations.

TARIFF CONCESSION ORDERS (TCOs) NOT USED IN THE PREVIOUS 2 YEARS

The Comptroller-General of Customs is satisfied that the TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 3 August 2017, it is intended to take action to revoke these Orders under subsection 269SD (1A) of the Customs Act 1901. In accordance with subsection 269SG (2) of the Customs Act 1901, in transit provisions shall apply. If revoked, the expected date of effect will be 2 August 2017.

Interested parties are invited to provide, by close of business, Wednesday 2 August 2017, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.
